

Acceptable Use Agreement for Internet and Other Electronic Resources + INTERNET SAFETY POLICY

The ASPIRE High recognizes the value of computer and other electronic resources to improve student learning and enhance the administration and operation of its schools. To this end, the Southeast Area Cooperative encourages the responsible use of computers; computer networks, including the Internet; and other electronic resources in support of the mission and goals of the ASPIRE High.

Because the Internet is an unregulated, worldwide vehicle for communication, information available to staff and students is impossible to control. Therefore, the Southeast Area Cooperative adopts this policy governing the voluntary use of electronic resources and the Internet in order to provide guidance to individuals and groups obtaining access to these resources on ASPIRE High-owned equipment.
